

## "Attacking the Old Testament"---A Chronological Reading Plan

This bible reading plan equips us to read through the entire Old Testament in just one year. The plan is designed so that we read through the Old Testament chronologically at an aggressive speed in the beginning, BUT move at a moderate speed as we go along. There are many opportunities to catch up with this plan so don't get discouraged. There is a daily reading everyday except on Saturday which allows us to have adequate time to keep up with the pace. Note there are 3 weeks of catch up reading, and no scheduled reading for campaign months (March & October). Keep in mind there are many different chronological plans\* around, depending on theologians slightly different views on when dates and times overlap. So in 2012, let us challenge ourselves, grab hold of God's Word, and attack the spiritual meals & morsels of the Old Testament! May our journey begin!
